Keeping Up With Torrance High

A unique football rally was witnessed by the students Wednesday, October 12. The students were dismissed to the bleachers at 1:15 where there were yell leaders try-outs, yells, songs, and a mock football game between Torrance and Narbonne. The experiment was very successful and will probably be repeated in the future.

The Parent Teachers Association of Los Angeles did an unusual thing when they arranged for two private nurses to stay with Herman Hammon for three days and nights. This help was greatly appreciated as Herman was much in need of expert care and is now on the road to recovery.

Work is to begin soon on the annual which will come out in June, 1933. The staff has just been decided upon and work will begin at once.

The first meeting of the World Friendship Club was held in the music room, Thursday, October 13. The club has many new members and they were welcomed by the president, Arthur Yamamoto. After the business meeting was adjourned a talk on Indiana was given by Mrs. J. B. Speed of Torrance, who taught 12 years in an Indian school. Refreshments were then served in the cafeteria. It was the first meeting that many of the members had attended and was a successful year. The following officers were elected for this semester: Ethel Sleppy, president; Myron Nightengale, vice president; Alice Burger, secretary, and Elmer Munson, treasurer.

The fourth, fifth and sixth grades of the grammar school will be admitted to all home football games for five cents and will sit on the bleachers by the baseball diamond. Two or three of the grammar school teachers will supervise the school children. The plan was tried for the first time last Friday, and the youngsters proved to be ardent rooters for the Torrance team. At the half the grammar school boys divided up and gave a demonstration football game which proved to be more of an avalanche.

Once more the Tartars lost a football game to their old rivals, Narbonne. It was a hard fought game, and the Tartars managed to hold the opposing team until the last seven minutes when Narbonne

made their touchdown and converted it. It was a hard game for Torrance to lose, but there are football seasons to come, and Narbonne had best watch for a final showdown, for every year Torrance loses she becomes more determined.

Earl C. Fields, former coach at Torrance high, is now teaching mathematics and science at South Gate high school. He is much pleased with his new position.

Rehearsals for the senior play are progressing very satisfactorily. Night rehearsals are held twice a week and there are also daily rehearsals.

One of the girls in the east is planning to make all her clothes for the play in the sewing class. It is something unusual and quite an undertaking.

Torrance high has some promising young students coming up. The boys in Mrs. Granger's B8 No. 2 math class hid a treasure somewhere on the school grounds, made a chart like the pirates did in days gone by, and presented the chart to the girls in the class so they could find the treasure. The boys who thought up and carried out the plans are Bob Peckham, Bob Trezise and Henry Hansen. The students think they are very clever and are looking forward to great things from these boys in the future.

The faculty has decided to combine pleasure with business at least once a month at a noon faculty meeting and luncheon. The plan was tried for the first time last week and proved a great success. Miss Wilson, Miss Collier and Miss Bell had charge of the luncheon. Miss Collier's B8 No. 2 girls served the food, and some of Miss Wilson's girls decorated the tables with large attractive sewing room.

Mr. Waidelich made the necessary announcements while the teachers were eating. The first luncheon was so enjoyable that the next one will be anticipated with pleasure.

Mrs. Crittenden leaves three daughters, Mrs. Carrie E. Smith of La Grande, Mrs. Sylvia Grace, Miss Marion Crittenden, both of Lomita, and one son, E. O. Crittenden, of Sacramento.

FOR FIFTY YEARS A FRIEND OF COLDEN

T. S. Cordill, one of the best known citizens of San Pedro, widely known because of his church, civic and fraternal activities, and former County Clerk of Nodaway County, Missouri, says of Charles J. Colden, candidate for Representative in Congress:

"I have known Charles J. Colden for more than 50 years."

C. J. COLDEN Democratic Candidate for Congress, 17th District.

"I knew him when he plowed corn in a neighborhood. As a farm boy he had the reputation of being one of the best corn-plowers in the neighborhood and the poorest wood-chopper. A neighbor once said of him he could sing and whistle louder without a tune and do more work than any other boy in the neighborhood."

"I knew Charlie Colden when he earned the first 50 cents by driving corn for a neighbor all day. I knew him when he worked in a neighbor's hay field from sun-up to sun-down for five days for five dollars. I knew Charlie Colden when he sawed old rails into stove wood for 40 and 50 cents per cord to pay his way through a country college. I knew him when he taught his first country school for \$30 per month and walked two and one-half miles each way to do the job. I knew him before that when he attended a country school and walked a mile and built the fire and swept the school for \$1 per month. It was his first real job off his father's farm."

"I knew Charlie Colden and was his partner for a time when he began editing a country newspaper, the most popular and the most successful newspaper the most ever had before or since."

"I knew Charlie Colden when he was elected to the Missouri legislature at the age of 30 and made one of the outstanding records of Missouri's young men. I was county clerk of Nodaway county and know whereof I speak."

"I knew Charlie Colden when he established the Nodaway Forum, a leading country newspaper that always championed the rights of the people. I knew him when he was appointed a member of the Board of Regents of the State Teachers' College at Maryville, without solicitation on his part, by Joseph W. Folk, the famous good government governor of Missouri. He directed the construction of the new buildings and was commended by a resolution of the Missouri senate for economy and efficiency."

"I have known Charlie Colden intimately for more than 50 years and we both prize our association as one of the finest friendships of our lives."

"I am giving Charlie Colden my heartiest support because I know his motto and that he is conscientious in his public service and puts his best efforts in his work. Charlie never seeks a fight but when engaged in one goes to the last ditch."

"I urge the election of Charles J. Colden because I am confident he will give all the people a regardless of party affiliations, honest, capable and courageous service."

"A FRIEND FOR FIFTY YEARS."
